

Federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be 15 percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies.

(3) *Notification.* Based on the joint agency determinations under paragraph (b)(1) of this section, the OCC shall notify each banking institution holding assets subject to an ATRR:

(i) Of the amount of the ATRR to be established by the institution for specified international assets; and

(ii) That an ATRR to be established for specified assets may be reduced.

(c) *Accounting treatment of ATRR—(1) Charge to current income.* A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution's capital or surplus.

(2) *Separate accounting.* A banking institution shall account for an ATRR separately from the Allowance for Possible Loan Losses, and shall deduct the ATRR from "gross loans and leases" to arrive at "net loans and leases." The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(3) *Consolidation.* A banking institution shall establish an ATRR, as required, on a consolidated basis. Consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of *Consolidated Reports of Condition and Income* (FFIEC 031, 032, 033 and 034). For bank holding companies, the consolidation shall be in accordance with the principles set forth in the "Instructions to the Bank Holding Company Financial Supplement to Report F.R. Y-6" (Form F.R. Y-9). Edge corporations and Agreement corporations engaged in banking shall report in accordance with instructions for preparation of the Report of Condition for Edge corporations and Agreement corporations (Form F.R. 2886b).

(4) *Alternative accounting treatment.* A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international as-

sets in the requisite amount for each such asset. For purposes of this paragraph, international assets may be written down by a charge to the Allowance for Possible Loan Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset. However, the Allowance for Possible Loan Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution's loan portfolio.

(5) *Reduction of ATRR.* A banking institution may reduce an ATRR when notified by the OCC or, at any time, by writing down such amount of the international asset for which the ATRR was established.

§28.53 Accounting for fees on international loans.

(a) *Restrictions on fees for restructured international loans.* No banking institution shall charge, in connection with the restructuring of an international loan, any fee exceeding the administrative costs of the restructuring unless it amortizes the amount of the fee exceeding the administrative cost over the effective life of the loan.

(b) *Accounting treatment.* Subject to paragraph (a) of this section, a banking institution is to account for fees in accordance with generally accepted accounting principles.

§28.54 Reporting and disclosure of international assets.

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (title IX, Pub. L. 98-181, 97 Stat. 1153, 12 U.S.C. 3906) (ILSA) a banking institution shall submit to the OCC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA (12 U.S.C. 3906), a banking institution shall submit to the OCC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the OCC on request.

(b) *Procedures.* The format, content, and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the agencies may include changes to existing reporting forms (such as the Country Exposure Report, FFIEC 009) or such other requirements as the agencies deem appropriate. The agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this part shall preclude the OCC from requiring from a banking institution such additional or more frequent information on the institution's holdings of international assets as the OCC may consider necessary.
